

THE 2006 GEORGIA TECH HIGH SCHOOL MODEL UN CONFERENCE

Sponsored by the Sam Nunn School of International Affairs

16-17 October 2006

Hotel Information

If you are looking for lodging in the Georgia Tech area, we have created a list of lodging for your delegation(s). Because this year GTHSMUN is a full-day conference, we would advise you to look for a hotel near Georgia Tech to ease your trips to and from the conference. However, there will be a scientific conference in Atlanta on the two days that our conference will also be happening, meaning room availability will probably be limited at most of the nearby hotels. We do not have any deals with these hotels, nor do we have any specific information on their price or availability. However, we do know that they are within a short driving distance from the Georgia Tech area. If you should select one of these places of lodging to stay for the duration of the conference, we will be happy to provide you with a personalized map with directions to and from the conference area.
