

2008 GEORGIA TECH MODEL UNITED NATIONS CONFERENCE

SPONSORED BY THE SAM NUNN SCHOOL OF INTERNATIONAL AFFAIRS
OCTOBER 13-14, 2008

Information about GTMUN's Pages

Pages are in many ways an extension of the committee directors, and the same level of professionalism is expected out of them as we expect from the delegates. The primary responsibility of a page is to deliver notes pertaining to the conference to and from delegates. This makes them an integral part of the running of the conference and they should understand that their task is highly important. Furthermore, we expect pages to stay on task. Education is the primary focus of GTMUN, and we hope that pages also learn about the international system from the experience. Pages are, oftentimes, new to Model United Nations and decide to do this in order to gauge how well they would enjoy being a delegate. Please let your students know that this is not a free day off from school, and, if they are not willing to perform the task, we will have to send them home.

Theresa Frame
Director General

Merek Gourley
Conference Director

Katherine Lange
Secretary General
